

**Amendments to the Drawings**

Kindly replace the drawing sheets containing Figures 15 and 18 with the attached Replacement Sheets containing an amended Figure 15 and an amended Figure 18. Annotated Sheets with marked-up versions of Figures 15 and 18 are provided to assist the Examiner in readily identifying the amendments made to Figures 15 and 18. In particular, the word “Control” has been replaced with the word “Return” for step 332 of Figure 15 and for step 378 of Figure 18.

**Remarks**

Claims 1-26 are pending in this application and have been allowed. The application is in condition for allowance subject the correction of certain informalities identified in the Ex Parte Quayle Action mailed June 9, 2009. By this amendment, the specification and drawings have been amended to address the identified informalities.

Applicants would also like to note one additional amendment to the specification that was not one of the identified informalities. Paragraph 98 has been amended to replace a numeral “308” with “378”; this amendment is supported by Figure 18 of the drawings.

Applicants believe the amendments made herein add no new matter, and that the application is now in condition for allowance. Early notification of allowability is respectfully requested.

Respectfully submitted,

Dianne D. Mueller et al.
